Organic Traffic	The total estimated traffic this domain gets considering the organic keywords.
Paid Traffic	Estimated traffic this domain receives from paid advertisements.
Organic Keywords	The number of keywords this domain ranks for in the organic search.
Domain Authority	Domain Authority is a search engine ranking score by MOZ that predicts how likely a website is to rank on search engine result pages (SERPs). A Domain Authority score ranges from one to 100, with higher scores corresponding to a greater ability to rank. Domain Authority is calculated by evaluating multiple factors, including linking root domains and the number of total links, into a single DA score. This score can then be used when comparing websites or tracking the "ranking strength" of a website over time.
Paid Keywords	Number of keywords the domain is bidding on in paid search.
Backlinks	How many incoming hyperlinks from other websites to this domain.
Estimated Visits	The estimated traffic this web page gets from Google for this particular term.
SEO Title & URL	The Title that shows up in a Google search for any given URL, followed by the URL itself.
SEO Keywords	The keywords this domain ranks for in the organic search.
Search Volume	The number of searches this particular keyword has during a month.
Position	The position this URL is ranked in Google search.
